and as reflected in the New Zealand Curriculum

East Gore National Education

At East Gore we meet the National Education Priorities by:

Striving for success for all:

At East Gore we have worked with the NZ Curriculum to provide the best learning outcomes for all students in our school. We review achievement data to inform us about the effectiveness of our teaching outcomes. Inclusion of all students is the basis of striving for success and personal excellence.

A safe learning environment:

An emotionally and physically safe environment is maintained by monitoring, updating and regular review of school policies/procedures by the Board of Trustees and staff. At East Gore, we accept individual differences and encourage the students to do the same and treat each other with mutual respect. Bullying is always actioned and dealt with by staff. Parents are kept informed and are a part of the process. Communication is valued for safe, effective relationships. East Gore follows a schoolwide PB4L plan which is currently under review. The staff provide programmes to help meet the needs of our students whenever safety is a concern.

Improving Literacy and Mathematics:

There is an emphasis on ensuring best practice Literacy and Numeracy programmes occur by reviewing them regularly. Professional Development and budget allocations reflect our priority learners. Teachers are reflective on practice and assessment information. The school provides Teacher Aide support for learners and offer the Reading Recovery programme and the Accelerated Literacy Learning (ALL) programme.

Student achievement information

At East Gore we are developing statements on what assessment is, when and how the data will be collected. We will review this frequently to ensure data collected is useful, valid and leads to improving student outcomes. East Gore makes good use of data to identify target students and form action plans to raise achievement. IEP's will be held for students who require them.

East Gore National Education

At East Gore we meet the National Education Priorities by:

Improving outcomes for students at risk:

At East Gore we are committed to improving student outcomes for the wide range of 'at risk' learners. We keep an additional needs register to track high and moderate needs. These are reviewed regularly to ensure that needs are been recognised and catered for. Pastoral care for students is also a priority at East Gore and influences everything we do. Pastoral care focuses on the hauora of learners.

Improving Māori and Other Ethnicities outcomes:

On entry to school, whānau/parents/caregivers are asked if they identify with a certain ethnicity. Students academic needs will be sensitively and accurately recorded to ensure needs are met and reported. At East Gore, teachers will know which children are identified as Māori or any other ethnicity. All data is analysed and reported to the Board of Trustees shows achievement for these groups.

Reporting:

Our learners have an up to date online data portfolio each year that supports their learning journey. This is accessible for parents via Seesaw. This portfolio showcases students learning in real time. Formal written reports to parents are written twice a year showing overall teacher judgements against curriculum levels. These are sent home late Term 2 and late Term 4.

Reporting will be to - Board of Trustees and Parents/Caregivers.

School Statement

Māori Achievement

Our school:

- ❑ acknowledges through curriculum implementations the unique position of Māori, the dual cultural heritage of New Zealand and New Zealand's cultural diversity.
- ❑ works to foster and encourage community engagement in their students learning and the wider life of the school.
- ❑ transitions are well managed to support learners from early childhood to East Gore and beyond.
- ❑ will seek to identify iwi affiliation on enrolment of identified Māori students.
- ❑ recognises the memorandum between Ngai Tahu (Hokonui Runanga) and the crown (MOE).
- ❑ will ensure all students will have access to instruction in the New Zealand Curriculum in Māori as per the Education Act 1989 Section 6t 3(a)(ii) the aim of ensuring that all reasonable steps are taken to provide instruction in Tikanga Māori (culture) and Te Reo Māori (language) for full time students whose parent asks for it.

Pasifika & Other Cultures Achievement

Meeting Students Needs:

- ❑ Student achievement data is closely analysed to identify students strengths and learning needs.
- ❑ Interventions to meet these needs are identified and put in place with sufficient scaffolding and support.
- ❑ Teachers and school leaders gather student voice to guide their practice and the decisions they make.
- ❑ Teachers and SENCO gather information about English as a Second Language Learners and build up a profile of useful information about the learners.
- ❑ Practice is guided by Pasifika Education Plan (PEP). Commitment is embedded to achieve PEP goals and targets.
- ❑ Teachers need to understand and practice culturally relevant pedagogy and teach in culturally responsive ways to benefit learners.
- ❑ The school works to foster and encourage community engagement in their students learning and the wider life of the school.
- ❑ Transitions are well managed to support learners from early childhood to East Gore and beyond.

Community Description

East Gore School is a year 1-6 primary school with a roll of approximately 115 students.

East Gore School was opened in 1885. We are close to the Mataura River which flows through the centre of Gore and the Hokonui Mountains, which can be sighted from our playground. The mountains are very much a part of the Gore District and help identify the character of the area.

We have large and beautiful grounds, dominated by an ancient oak tree which was planted in recognition of families from the First World War. Our school has two adventure playgrounds, a large playing field, good concreted areas, a well-designed hall and a well-stocked library.

We have dedicated staff providing a learning environment that maximises the learning potential of students with a strong focus on Literacy (reading, writing) and Mathematics.

The Board of Trustees is an enthusiastic and committed team who work together to support our teaching team and provide a modern learning environment. Together we provide a quality education that is caring, sharing and supportive, so our students have the opportunity to maximise their potential abilities in all areas. We are proud to be working to help shape the future of the children in our community. There is a supportive PTA which works alongside staff and the Board of Trustees.

Our community consists of a wide range of people and occupations. Generally our families value education and support the school. Our school has approximately 40% Māori students and our school has a developing Kapa Haka group. Our school welcomes students with special needs and is equipped to cater for these students diverse needs. We are known for our inclusive practices and pastoral care of our students.
